“Equipping The World For A Better Environment”

Features

Our Cram-A-Lot specialty compactors are designed specifically for facilities to save space where overall space utilization is critical.

THESE POWERFUL UNITS ARE IDEAL FOR:

- Facilities with limited floor space
- Warehouses
- High-Rise Apartments
- Hotels, Offices & Hospitals
- Or anywhere else trash space is very limited

**SAFE
SIMPLE
AND
USER
FRIENDLY**

DESIGNED FOR:

- Ease of Installation
- Ease of Operation
- Ease of Maintenance

X-PRESS PACK

Portable Liquid Tight Self-Contained Unit

Ease of usage makes it a perfect portable trash compactor ready to use and requires no additional sight prep such as concrete pad, anchors or channel guides.

VERTICAL COMPACTOR

Small Footprint, Frontload service

This compact liquid tight compactor/container is designed to eliminate the need for multiple front load containers. Loading capabilities from the ground, off a dock, or through the wall with optional chute fed systems available.

APARTMENT COMPACTOR

Extra Tight Space Problems

Designed to solve those extra tight space problems, the apartment compactor packs into a 2yd or 3yd front load or rear load container. These units can be equipped with high-rise chute hoppers, ground feed hoppers, and any other special installation solution requirement.

CS-01 & CS-02

Limited volume applications

For restrictive applications, we offer a 1 or 2 yard short version of our standard commercial compactor.

Installed Applications

Vertical Compactor

X-Press Pack

CS-02

CS-01

Apartment Compactor

Apartment Compactor

The CS series CS-02 saves up to 1/3 in space & accommodates up to a 40 yard receiver

FEATURES

- Total unit UL/CUL listed
- Remote Power Unit
- Large Charge Opening
- Low loading height for easily loading
- Optional chute fed systems available
- Fully (UHMW) guided & supported ram
- ANSI Z245.21 Compliant

This compact unit offers the same 2 yd chamber as a standard size compactor but in a more compact size for space limitations. Designed to offer the same benefits of a larger unit with it's optional chute fed or hopper fed system.

DESIGN FEATURES

- Rugged Construction provides long life
- Compaction ratios average 4 to 1 depending on material
- Excellent Compaction of dry trash
- Ideal for Commercial or Industrial applications, Shopping Centers, Schools

LOADING CAPABILITIES

- Load from ground, off a dock, or through the wall

USER FRIENDLY

- CS-02 Allows 2yd compaction and 40yd capacity when the need for volume is required in tight spaces.

SAFETY

- Door Safety Interlock
- Removable key for authorized operator usage

Shown with 40 yd Octagonal Receiver
