

# Field Service Technician

Sure our name is funny, but Cram-A-Lot is serious about being the best – offering the best waste and recycling products, providing the best customer service, and being the best place to work. We are looking for the best talent to help us continue achieving these goals. Since our beginning in 1978 we have experienced phenomenal growth while maintaining an outstanding reputation within the waste & recycling industry. Our team has grown to over 270 employees located across the United States with 2 manufacturing locations and 4 remote service locations. This job will report at our factory in Springdale, Arkansas.

As a member of our Service Team you will report to the Regional Service Supervisor and use your knowledge and skills as a field technician to service and maintain waste recycling equipment.

## Critical Activities:
