

Specialty Compactors

CRAM-A-LOT®
J.V. Manufacturing, Inc.
Solid Waste & Recycling Equipment

“Equipping The World For A Better Environment”

Features

Our Cram-A-Lot specialty compactors are designed specifically for facilities to save space where overall space utilization is critical.

THESE POWERFUL UNITS ARE IDEAL FOR:

- Facilities with limited floor space
- Warehouses
- High-Rise Apartments
- Hotels, Offices & Hospitals
- Or anywhere else trash space is very limited

**SAFE
SIMPLE
AND
USER
FRIENDLY**

DESIGNED FOR:

- Ease of Installation
- Ease of Operation
- Ease of Maintenance

X-PRESS PACK

Portable Liquid Tight Self-Contained Unit

Ease of usage makes it a perfect portable trash compactor ready to use and requires no additional sight prep such as concrete pad, anchors or channel guides.

VERTICAL COMPACTOR

Small Footprint, Frontload service

This compact liquid tight compactor/container is designed to eliminate the need for multiple front load containers. Loading capabilities from the ground, off a dock, or through the wall with optional chute fed systems available.

APARTMENT COMPACTOR

Extra Tight Space Problems

Designed to solve those extra tight space problems, the apartment compactor packs into a 2yd or 3yd front load or rear load container. These units can be equipped with high-rise chute hoppers, ground feed hoppers, and any other special installation solution requirement.

CS-01 & CS-02

Limited volume applications

For restrictive applications, we offer a 1 or 2 yard short version of our standard commercial compactor.

Installed Applications

CRAM-A-LOT®

Vertical Compactor

X-Press Pack

CS-02

CS-01

Apartment Compactor

Apartment Compactor

X-press Pack

Self-Contained Compactor

The X-Press Pack is the easiest compactor on the market... just install it and start saving!!

FEATURES

- UL/CUL listed Control Panel
- Liquid tight compactor/container
- 4 or 6 cubic yard front load container
- Remote Power Unit
- Large 46 x 21 Charge Opening
- Low loading height for easy loading
- Optional chute fed systems available
- Fully (UHMW) guided & supported ram
- Fixed breaker bar teeth aid in trash retention
- ANSI Z245.21 Compliant

Available in 4yd & 6yd Container Capacities

This compact self-contained unit offers the same liquid tight containment as a standard size compactor but in a more compact size for space limitations. Designed to offer the same benefits of a larger unit with it's optional chute fed or hopper fed system.

Ease of usage makes it a perfect portable compactor ready to use and requires no additional sight prep such as concrete pad, anchors or channel guides.

DESIGN FEATURES

- Rugged Construction provides long life
- Can easily be used in long or short term locations.
- Eliminates the unsightly mess of spillage by hauler
- Excellent Compaction of dry and/or wet material
- Compaction ratios average 4 to 1, depending on material
- Ideal for Restaurants, Fast Food locations, Shopping Centers, Supermarkets, Hospitals, Schools, Nursing Homes, and hotels

LOADING CAPABILITIES

- Load from ground, off a dock, or through the wall

USER FRIENDLY

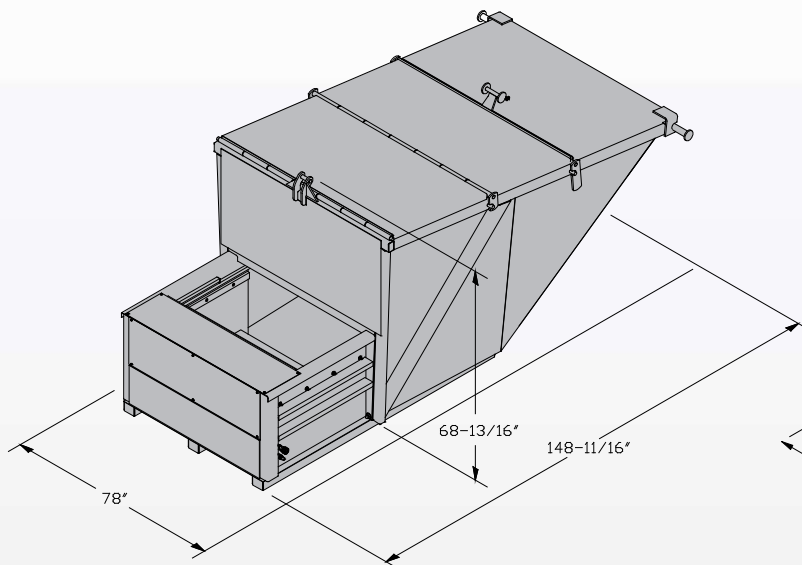

- Container lid automatically unlocks when container is emptied and locks when returned.

SELF-CONTAINED UNIT

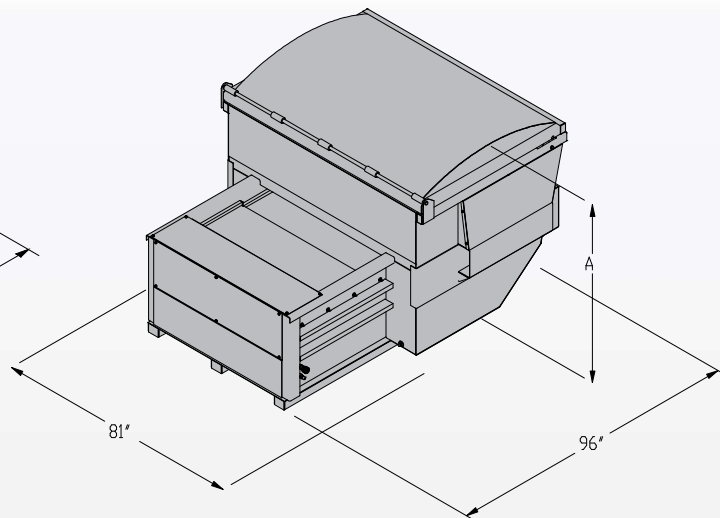

- Designed for limited space locations & wet or dry applications

Vertical Compactor - CV Series

Replaces Costly Open Containers - Requires Limited Space

FEATURES

- UL/CUL listed Control Panel
- Integral Power Unit
- Control Panel built into side of Compactor
- Key operated controls
- Automatic single-cycle operation
- Door safety interlock
- 3yd, 4yd, 6yd and 8yd container sizes available
- Wastec Rated

CRAM-A-LOT's CV line of Vertical Compactors are designed to save space and eliminate the need for multiple Front Load containers. This model is ideal for compacting all types of bagged waste, and features liquid tight containment

DESIGN FEATURES

- No hydraulic lines attached to the container eliminates the need for driver to exit the truck, saving time and money
- Eliminates the unsightly mess of spillage by the hauler
- Rugged construction provides long life
- Compaction Ratios on Average of 3.5 to 1 depending on material mix
- Ideal for Restaurants, Fast Food locations, Shopping Centers, Supermarkets, Hospitals, Schools, Nursing Homes, and hotels

LOADING CAPABILITIES

- Can be loaded from the front or rear
- Load from the ground, off a dock, or through the wall
- Feed heights starting at 46 ¾"

USER FRIENDLY

- Convenient location of control panel

SAFETY

- Door Safety Interlock
- Safe To Haul Light
- Removable key for authorized operator usage
- ANSI Z245.21 Compliant

Vertical Compactor - VCH Series

Four side loading options.....Five container options....All in ONE unit!!

FEATURES

- UL/CUL listed Control Panel
- Integral Power Unit
- Key operated controls
- 3yd, 4yd, 6yd and 8yd container sizes available
- Wastec rated

Cram-A-Lot VCH line of Vertical Compactors are designed to allow customized loading options along with versatility in container sizes allowing for volume growth without changing compactors

DESIGN FEATURES

- Sliding feed door is designed to eliminate trash from gathering on top of press head
- No hydraulic lines attached to the container eliminates the need for driver to exit the truck, saving time and money
- Eliminates the mess of spillage when emptying the container
- Rugged construction provides long life
- Compaction ratios average 4 to 1, depending on material mix
- Ideal for Restaurants, Fast Food locations, Shopping Centers, Supermarkets, Hospitals, Schools, Nursing Homes, and Hotels

LOADING CAPABILITIES

- The VCH serie offers loading capabilities from all 4 sides allowing user front, rear or side feed loading and can be combined with an open chute or thru-the-wall access for customized loading access
- Load from the ground, off a dock, or through the wall
- Feed heights starting at 40 1/4"

USER FRIENDLY

- Convenient location of controls

SAFETY

- Door Safety Interlock
- Highly visible "Safe To Haul Light"
- Removable key for authorized operator usage
- ANSI Z245.21 Compliant

The CS series CS-01 saves up to 1/3 in space & accommodates up to a 6 yard Front Load Container

FEATURES

- Total unit UL/CUL listed
- Liquid limited capacity compactor/container
- Available with 2, 4 & 6 cubic yard container sizes
- Remote Power Unit
- Large Charge Opening
- Low loading height for easy loading
- Optional chute fed systems available
- Fully (UHMW) guided & supported ram
- ANSI Z245.21 Compliant

This compact combination offers a limited liquid sump trash containment system in a more compact size for space limitations. Designed to offer the same benefits of a larger unit with it's optional chute fed or hopper fed system.

DESIGN FEATURES

- Rugged Construction provides long life
- Compaction ratios average 4 to 1, depending on material
- Excellent Compaction of dry and/or wet material
- Ideal for Restaurants, Fast Food locations, Shopping Centers, Supermarkets, Apartments, Hospitals, Schools, Nursing Homes, and Hotels

The CS series CS-02 saves up to 1/3 in space & accommodates up to a 40 yard receiver

FEATURES

- Total unit UL/CUL listed
- Remote Power Unit
- Large Charge Opening
- Low loading height for easily loading
- Optional chute fed systems available
- Fully (UHMW) guided & supported ram
- ANSI Z245.21 Compliant

This compact unit offers the same 2 yd chamber as a standard size compactor but in a more compact size for space limitations. Designed to offer the same benefits of a larger unit with it's optional chute fed or hopper fed system.

DESIGN FEATURES

- Rugged Construction provides long life
- Compaction ratios average 4 to 1 depending on material
- Excellent Compaction of dry trash
- Ideal for Commercial or Industrial applications, Shopping Centers, Schools

LOADING CAPABILITIES

- Load from ground, off a dock, or through the wall

USER FRIENDLY

- CS-02 Allows 2yd compaction and 40yd capacity when the need for volume is required in tight spaces.

SAFETY

- Door Safety Interlock
- Removable key for authorized operator usage
